Contivity VPN Client Upgrade, ver. 4.85

How to download the attachment

You can choose to <u>double-click</u> or <u>right-click</u>. You also can rename the file at the same time and skip Step 2 in the main instructions.

<u>Double-click</u> on the attachment icon: A prompt will appear . . .
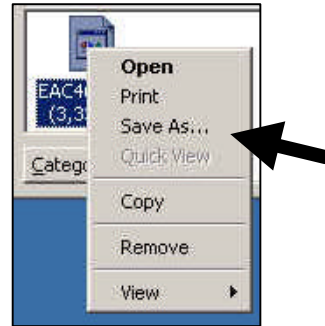

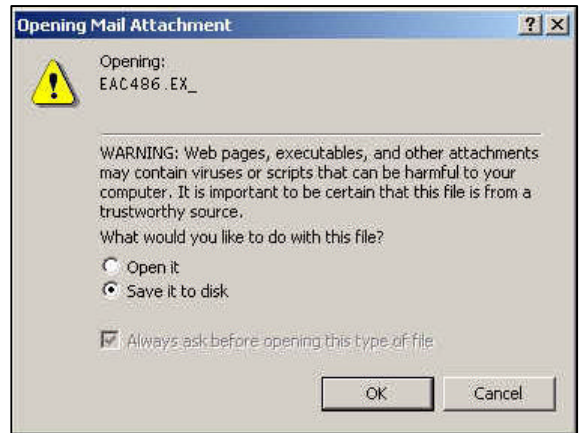

Click to select "Save it to disk," then click the "OK" button.

No → Open it
Yes → Save it to disk

OR . . .

<u>Right-Click</u> on the attachment icon: A prompt will appear . . .
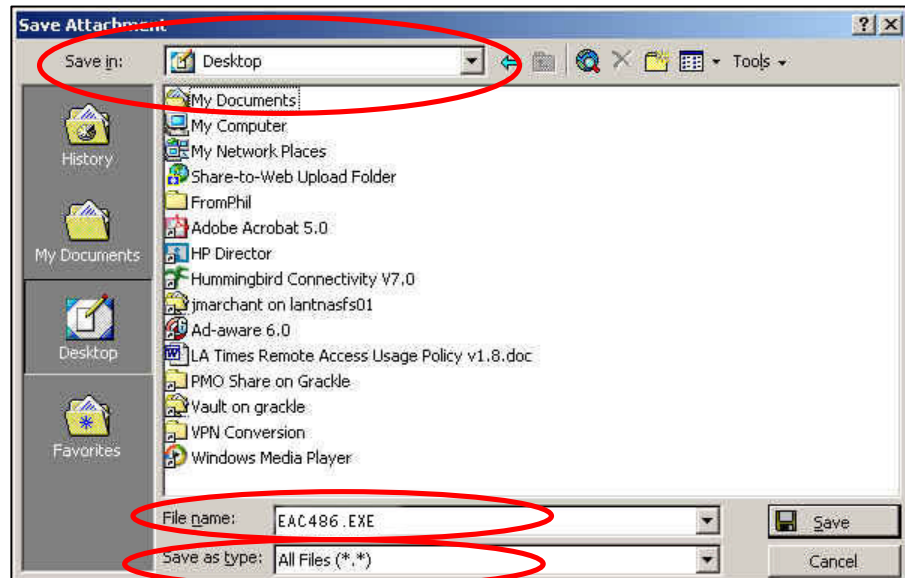

Left-click on "Save as…."

With either method you selected above, a "Save Attachment" window appears.

--At the top, there is a "Save in:" field. Choose a location that you can remember, such as "Desktop" or "My Documents." In the example, "Desktop" has been chosen.

--In the last field in this window, "Save as type:," change the setting to "All Files (*.*)" if necessary.

--At this time, you can change the name of the file, in the field "File Name:" near the bottom, from "EAC486.ex_" to "EAC486.exe."

--Click on the [Save] button.

After you close all applications and programs, you will see an icon on your desktop that looks like this:

EAC486.exe
